- Features Elm, a unique and bold grained wood species.
- Chiseled hand-scraping technique and hand-rubbed stains provide depth to Elm's unique grain. Because they are individually scraped by hand, each plank is unique from the others.
- 7 Layer, ultra durable, Treffert® UV-cured, acrylic-urethane with aluminum oxide protects the surface and is easy to maintain.
- Multi-layered, cross-ply construction offers extreme dimensional stability.
- Precision-milled tongue and groove provides for precise and uniform fit.
- 25 year residential finish.
- Lifetime residential structural.
- 3 year light commercial finish.

*While the pad and re-coat technique can be used on this floor, the finish warranty will be voided for this product if the finish is altered in any way.
